Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

My concerns include the increase in response time for emergency vehicles to answer calls. I am also a Metra rider and ride the Metra every day downtown to work. I live north of the village of Barrington and must cross two sets of tracks to get to the Metra station. If I am delayed in getting to my train - I arrive at work late and am in jeopardy of losing my employment. This proposal is very detrimental to the livelihood and safety of thousands + thousands of hardworking Americans!
