Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8.27.08

Comments must be submitted by September 30, 2008.

Mr. Blodget was kind enough to try to explain a listing of high-impact rail crossings. Only one crossing in the Village of Barrington was included — the one at RT 59 (Hough St.). However the crossing at West Main Street (County Line Road) would be equally impacted. I'm sure the criteria used are accurate but I'd suggest that other criteria might lead to a better (clearer) view.
