STATUS REPORT

Texas Railway Exchange LLC (“TREX”) hereby submits this report in response to the Surface Transportation Board’s (“Board’s”) decision served on October 11, 2019 requesting an update on the status of the parties’ discussions regarding a proposed alternative routing over the tracks and property of Union Pacific Railroad Company (“UP”).

While the parties have held further discussions on the proposal referenced in the Board’s August 5, 2019 decision and TREX’s August 15, 2019 status report, those discussions have not resulted in an agreement to modify the type of crossing or routing specified in TREX’s Crossing Petition, and TREX has elected to move forward with its original Petition at this time.

Accordingly, TREX respectfully requests that the Board expeditiously enter an order granting its petitions for a crossing order and for an exemption to construct and operate.

UP has reviewed this status report and does not object to its content.
