Today the City of Farmington, MA., requested a one year extension for NITU negotiations in AB 565-1X. The first NITU was issued in late 2001; 18 years ago.

According to the STB decision on EP 749 issued December 4, 2019, effective February 3, 2020 there will a maximum of 4 years total of NITU issuance. At most I would think the STB would allow only a NITU extension in AB 565-1X only until February 3, 2020 at which time there will be more more extensions.

It would appear that nothing has happened in negotiations since 2001 except both parties have been asking for NITU extensions.

As a courtesy, NARPO has notified the parties of record that have a current email address.
