REFERENCE: Petitions from FRIENDS OF THE LAKES

Please find attached an additional batch of signatures which brings the total number we have presented you to over 1150. The signatures are from the people who live and recreate in the Matanuska-Susitna Borough and who want the railroad extension along the Willow Route.

We will be continuing our quest to inform the citizens of the Borough of the facts that relate to the railroad corridor. It is important for you to know that an overwhelming majority of the people are in favor of the Willow route and there are only a vocal few that are in favor of any of the other routes.

FRIENDS OF THE LAKES
