Further Status Report

Dear Ms. Brown:

On behalf of the Town of Wilmington ("Wilmington"), we submit this further status report pursuant to the Board's decision dated April 5, 2019 and amended October 24, 2019, requiring the parties to submit a status report by November 8, 2019 and every 90 days thereafter.

Wilmington is content with the report submitted by NET and WWI on February 6, 2020, except to note that the pace and timing of WWI's engineering and planning of a protentional alternative redevelopment project depends upon both the development and approval of remedial options for clean-up of the Olin site by EPA and Olin Corporation and also the decision-making of WWI and NET, matters which largely are beyond the control of Wilmington.

Having said that, Wilmington stands ready to resume consideration of any additional relevant information and submittals from WWI and NET when circumstances permit. In the meantime, Wilmington and its environmental consultant are continuing to confer with Olin and EPA as appropriate, and provide technical comments, regarding the development of the clean-up plan and ROD for the Superfund Site.

Please let us know if you require any additional information.

Very truly yours,

Daniel R. Deutsch
