Railway-Construction, Acquisition, and Operation Exemption-in
Wilmington and Woburn, Massachusetts
FD 34797 Sub-Docket 1
*Further Status Report of Town of Wilmington***

Dear Ms. Brown:

On behalf of the Town of Wilmington ("Wilmington"), we submit this further status report pursuant to the Board's decision dated April 5, 2019 and amended October 24, 2019, requiring the parties to submit a status report by November 8, 2019 and every 90 days thereafter. This report follows our report of May 6, 2020.

The report submitted by NET and WWI yesterday summarizes past discussions between Wilmington and WWI/GFI concerning a conceptual alternative to the project that is the subject of the above-noted proceeding. The pace and timing of WWI's engineering and planning of a protentional alternative redevelopment project depend upon both the development and approval of remedial options for clean-up of the Olin site by EPA and Olin Corporation and also the decision-making of WWI and NET, matters which largely are beyond the control of Wilmington.

Having said that, Wilmington stands ready to resume consideration of any additional relevant information and submittals from WWI and NET when circumstances permit. In the meantime, Wilmington and its environmental consultant continue to actively monitor the development of the Interim Action Feasibility Study by Olin and EPA, providing relevant technical comments in that process, and will participate in the review and comment on a Proposed Remedial Action Plan for the Superfund Site when it is circulated by USEPA on August 10th. We understand that EPA will conduct a public forum (most likely in a virtual format) in Wilmington within the next several weeks

Ms. Cynthia T. Brown
August 7, 2020

Wilmington stands ready to hear further from WWI/GFI about its redevelopment proposal once USEPA issues the Proposed Remedial Action Plan.

Please let us know if you require any additional information.

Very truly yours,

/s/Daniel R. Deutsch
