Ken- Justin Marks asked me to send you the email (below) regarding DHR's recommendation on the project effect. This is not a determination. If a formal determination of effect is needed by the STB, it would be up to the STB to provide DHR their determination for Section 106 purposes, in which we would provide our concurrence/non-concurrence. However, a formal determination of effect may not be needed by the STB. Let me know if you have any questions.

Emily,

Thank you for providing the additional information to the Department of Historic Resources on the referenced project. Based upon the documentation provided, it is our opinion that no historic properties will be affected by the proposed undertaking.

Implementation of the undertaking in accordance with the finding of No Historic Properties Affected as documented fulfills the Federal agency's responsibilities under Section 106 of the National Historic Preservation Act. If for any reason the undertaking is not or cannot be conducted as proposed in the finding, consultation under Section 106 must be reopened.

If you have any questions or if we may provide any further assistance at this time, please do not hesitate to contact me.

Sincerely,
