**RE: BNSF Company Abandonment In Chicago, IL., STB Docket No. AB-6
(Sub-No. 482X) Petition for NITU Extension**

The City of Chicago has had over 6 years to get a trail use agreement with BNSF Railroad, but they have not done so. Because of the new rules of the STB governing Trail Use extensions, see EP749 and EP 749-1, there are no more NITU extensions for the City of Chicago, IL.

The STB should deny any more NITU extensions for the City of Chicago, IL., in AB6-482X

Sincerely, yours

Dick Welsh, executive director—NARPO
