*Further Status Report of Town of Wilmington***

Dear Ms. Brown:

On behalf of the Town of Wilmington ("Wilmington"), we submit this further status report pursuant to the Board's decision dated April 5, 2019 and amended October 24, 2019, requiring the parties to submit a status report by November 8, 2019 and every 90 days thereafter. This report follows our report of May 4, 2021.

Previous reports submitted by Wilmington and by NET and WWI summarized past discussions between Wilmington and WWI/GFI concerning a conceptual alternative to the project that is the subject of the above-noted proceeding which has been suspended. The pace and timing of WWI's engineering and planning of a potential alternative redevelopment project have depended upon the development and approval of remedial options for clean-up of the Olin Site by USEPA and Olin Corporation and the decision-making of WWI and NET.

USEPA released its Record of Decision on April 1, 2021. We understand that counsel for NET/WWI has provided your office with, or that you otherwise have, access to information concerning the ROD and the timeline for related next steps.

Representatives of WWI (specifically, of GFI) met this week again with certain Wilmington officials to present WWI's current conceptual proposal for developing the Olin Site in light of the recently issued ROD.

Wilmington remains open to discussing with WWI any further available information relevant to a potential development project, for which WWI or GFI ultimately would need to seek permits from relevant Town boards.
