Re: Docket No. FD 36500, Canadian Pacific Railway Limited, et al.—Control of—
Kansas City Southern, et al.; **Notice of Intent to Prepare an Environmental
Impact Statement**

Dear Community Leader

On October 29, 2021, Canadian Pacific Railway Limited, et al. (CP) and Kansas City Southern, et al. (KCS) (collectively, Applicants) filed an application with the Surface Transportation Board (Board) seeking authorization from the Board for CP to acquire KCS. The proposed acquisition has the potential to result in significant environmental impacts; therefore, the Board's Office of Environmental Analysis (OEA) has determined that the preparation of an Environmental Impact Statement (EIS) is appropriate. This letter is to formally announce that the Board has issued a Notice of Intent (NOI) to prepare an EIS for this proceeding (<https://cp-kcsmergereis.com/documents.htm>). In addition to announcing that the Board will prepare an EIS for this proceeding, the NOI also requests comments on the scope of the EIS and presents a schedule for public scoping meetings; interested parties are encouraged to participate.

Scoping is the first step of the EIS process. Scoping is an open process to determine the range of issues that should be examined and assessed in an EIS. Comments submitted during scoping will assist OEA in defining the range of alternatives and potential impacts to be considered in the EIS. OEA will hold six online public scoping meetings at the dates and times listed below (all times are listed in Central Standard Time). There is no need to attend more than one meeting, but all are welcome to attend as many meetings as desired. Interested parties can access the online meetings in one of two ways:

- Join online at: <https://bit.ly/cp-kcs>.
 - Project information will be available for review at this link prior to the public meeting dates.
- Join by phone by calling (888) 788-0099 (Toll Free) and using the call-in information below:
