Re: Finance Docket No. 36500, *Canadian Pacific Ry., et al. – Control – Kansas City Southern, et al.*

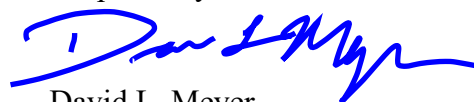

Dear Mr. Dusenberry:

On November 18, 2021, the Board's Office of Economics approved the addition of the 2004-2006 unmasked costed waybill samples for all records and fields to waybill access letter WB21-67, which granted access to outside counsel and consultants for Union Pacific Railroad Company for use in the above-captioned proceeding. The letter requesting such access noted that data for the additional years was needed "to respond to issues raised in the Application in FD 36500, which was filed October 29, 2021." Email from Michael L. Rosenthal to Alexander Dusenberry (Nov. 17, 2021).

On behalf of Applicants in this Proceeding, I am hereby requesting that the access previously granted to outside counsel and consultants for Applicants in waybill access letter WB21-24 be expanded to include the same data to which counsel/consultants for UP have been granted access – *i.e.*, 2004-2006 unmasked costed waybill samples for all records and fields. The justification for such access is to allow Applicants to evaluate and respond to any use of these data made by UP or others in this proceeding. I am requesting access for all of the individuals who currently have access to waybill data under WB21-24.

Please contact me with any questions.

Respectfully submitted,

David L. Meyer
