Dear STB Board:

I write this letter to you today in order to voice my support for Amtrak to begin running services between New Orleans and Mobile and to participate in the public hearing on February 15 regarding Docket No. FD 36496. As the Mayor of a city founded on the successful linkage of trains between communities, I know how vital services like the proposed line are to the people who live on their paths and to their regional economies.

Please consider supporting the expansion of the Amtrak line between New Orleans and Mobile. Your support can give them the chance to build back better than they were before.

Thank you,
