Ryan,

This is just to let you know that we received the addendum and that both comment letters are now posted on our website. Thanks again for your participation in this project; feel free to reach out to me with any question or concerns.

Best,
Josh

Thanks very much for confirming your receipt of our original comment letter Josh.

Please also confirm your receipt of the attached addendum to our original comment letter. The addendum simply indicates that two additional organizations should be considered to be signed on to our comments.

Thanks again and let me know if you have any questions,
Ryan

Ryan,

This is to confirm receipt of the comment letter you sent on Friday. Thank you for your continued participation in the Surface Transportation Board's environmental review process for the proposed Uinta Basin Railway project.

Best,

Josh

Dear Mr. Wayland and all,

Please see the attached scoping comments on Docket No. 36284 (Seven County Infrastructure Coalition-Rail Construction & Operation-in Utah, Carbon, Duchesne, and Uintah Counties, Utah) from the Center for Biological Diversity and other organizations. I will mail a flash drive containing another copy of the comments and pdfs of the referenced documents later today. Out of an abundance of caution I will also submit these comments via the STB's online portal.

Please acknowledge your receipt of these comments and let me know if you have any questions.

Thank you all very much for how you have conducted this comment period. You made participating in the commenting process clear and smooth.

Best,

Ryan
