Subject: RE: public comment on the Unita Basin RR FEIS

Mr. Trepanier,

I hope you are doing well and thank you for your interest in the environmental review process for the proposed Uinta Basin Railway project. The public comment period for the Draft EIS for this project ended on February 12, 2021 and we are not holding an additional public comment period for the Final EIS because the document is now final. Letters or other communications sent to me or submitted through the Environmental Comments form on the Surface Transportation Board's website will be processed as incoming environmental correspondence and will be posted to the Board's website.

I hope this is helpful. Thanks again and take care.

Best regards,
Josh Wayland

Subject: public comment on the Unita Basin RR FEIS

Hello,

Can you inform me if the decision maker considering the Unita Basin RR FEIS will look at any public comment that is submitted prior to their decision regarding the Unita Basin RR FEIS?

Please advise.

Regards,

~Lionel Trepanier
