Got a new GeoDataBase from HDR. This one is 5MB so should address the previous issues.

Joe,

I hope all is well with you. I wanted to let you know that we have been unable to open the GIS data that was uploaded to the SharePoint site in support of Information Request #2. We can download the .zip file to access the geodatabase, but when the geodatabase is opened in ArcGIS, it is empty. Can you please reupload the GIS data to the SharePoint site?

Thanks and take care,
Josh
