Dear Chairman Oberman

I would like to submit my name to participate in the public hearing on April 26 and 27, 2022, on recent rail service problems and recovery efforts involving several Class I carriers. I will have comments prepared to speak to service concerns that I have observed from the maritime industry perspective.

Please feel free to contact my Counsel, John Young (202) 352-8364 on scheduling a time on April 26th or 27th

Sincerely

Carl W. Bentzel
FMC Commissioner
