Re: **Docket No. FD 36239**
Delmarva Central Railroad Company –
Modified Rail Certificate
NOTICE OF INTENT TO TERMINATE SERVICE

Dear Ms. Brown:

Pursuant to 49 C.F.R. § 1150.24, Delmarva Central Railroad Company (“DCR”) hereby provides notice of its intention, effective June 14, 2022, to terminate service provided under a modified certificate of public convenience and necessity on a segment of rail line (the “Fisher Segment”) owned by the State of Delaware and extending between milepost 29.70 at Harbeson Road and milepost 31.17 near Fisher Road in Harbeson, Delaware.

DCR was authorized to provide service on the State-owned Lewes Running Track between Georgetown and Harbeson, Delaware (of which the Fisher Segment is the eastern end) pursuant to a Modified Rail Certificate issued in *Delmarva Central Railroad Company – Modified Rail Certificate*, Docket No. FD 36239 (STB served Feb. 11, 2019). DCR has provided no rail service on the Fisher Segment for at least the last six months, and the State and DCR have agreed to the removal of the Fisher Segment from the scope of their operating agreement. DCR will continue to provide service on the remainder of the Lewes Running Track.

I certify that, in accordance with 49 C.F.R. § 1150.24(a), a copy of this notice of intent to terminate service has been served by first class mail, postage prepaid, upon the State, at the address provided below. As indicated above, there are no shippers which have used the Fisher Segment in the past six months. See 49 C.F.R. § 1150.24(b).
