Re: *City of Los Angeles -- Abandonment Exemption in Los Angeles County, CA*, STB
Docket No. AB 1094X

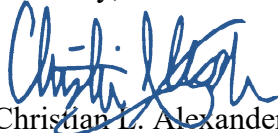

Dear Ms. Brown,

By a decision served on June 7, 2021, in the above-captioned proceeding, the City of Los Angeles ("City") received authority from the Surface Transportation Board ("Board"), subject to certain conditions, to abandon an approximately 2.6-mile line of railroad running from from Milepost 4.00 (north of Front Street and east of the Gaffey Street Lead) to the end of the line at Milepost 6.60, which comprises a portion of a line known as the San Pedro Subdivision in Los Angeles County, CA. In a decision served May 18, 2022, the Board, based on recommendation from the Board's Office of Environmental Analysis, issued a decision removing those conditions constituting the remaining regulatory barriers to consummation of abandonment.

This letter hereby notifies the Board that pursuant to the above referenced decision and satisfaction of the conditions imposed, the City has consummated the abandonment over the approximately 2.6-mile line of railroad in Los Angeles County, CA identified above.

Thank you for your assistance. If you have any questions, please contact me.

Sincerely,

Christian L. Alexander
Counsel for the City of Los Angeles
