Re: STB Finance Docket No. 36609, *Foster Poultry Farms – Ex Parte
Petition for Emergency Service Order*

Dear Ms. Brown:

This letter is submitted on behalf of Foster Poultry Farms (“Foster Farms”) to provide the Surface Transportation Board with a further update of the Union Pacific Railroad Company’s (“UP”) service to Foster Farms’ Traver and Turlock facilities subsequent to the Board’s issuance of the Emergency Service Order in this proceeding on June 17, 2022. First, UP delivered five unit trains of corn between June 21 and June 28, which is one more than my status letter of June 28, 2022 stated. The additional train was one of two loaded unit trains that Foster Farms purchased from other parties prior to filing its *Ex Parte* Petition in this docket to try and mitigate the harms from UP’s lack of service at that time. This train was delivered on June 26, 2022. Second, the next three trains Foster Farms expects to receive are trains FR14, FR15, and FR11, and the expected latest arrival date (for FR11) is now Saturday, July 2, 2022, not July 1 as my prior letter stated.

Foster Farms reiterates its strong belief that the order should remain in place and that the Board should continue to monitor the situation for at least the 30-day initial period under 49 U.S.C. §11123.

Please do not hesitate to call me if you have any questions. I certify that I have served this letter on counsel for UP and the other parties listed below.
