COMPLAINT

COMES NOW Omaha Public Power District (“OPPD”) and complains against Union Pacific Railroad Company (“UP”) pursuant to 49 U.S.C. §§ 11701 and 11704. By this Complaint, OPPD seeks: (1) a determination by the Surface Transportation Board (“STB” or “Board”) that a charge assessed by UP for the transportation of unit trains¹ of coal in shipper-supplied railcars to OPPD’s North Omaha Power Station (“NOPS”) in Omaha, Nebraska from UP’s established railroad interchange with BNSF Railway Company (“BNSF”) in BNSF’s Gibson Yard located in Omaha, Nebraska (“Gibson Yard Interchange”) and the return of the empty unit train by UP to the Gibson Yard Interchange, which rate is more particularly described in UP’s “UP Reciprocal Switching Circular” (the “Circular”) a copy of which is attached as Exhibit A hereto, is unreasonable; (2) the prescription of a just and reasonable charge and reasonable

¹ In the context of this Complaint the term “unit train” means a train of between 135 and 152 shipper-provided aluminum railcars.

associated rules and other terms for the subject transportation; and (3) an award of reparations, plus applicable interest, for the difference between transportation charges paid by OPPD pursuant to the Circular and those that would have been paid under the rate prescribed by the Board for all shipments between January 1, 2021 and the date that UP begins to charge the prescribed rate.

In support hereof, OPPD states as follows:

THE PARTIES

1. UP is a common carrier railroad engaged in the transportation of freight in interstate commerce with headquarters at 1400 Douglas Street, Omaha, Nebraska 68179. UP is subject to the Interstate Commerce Commission Termination Act of 1995, 49 U.S.C. §10101, *et seq.*, and to the jurisdiction of the Board. As further described *infra*, UP exerts sole control over the establishment of charges/rates, rules and other terms covering the transportation of coal from the Gibson Yard Interchange to NOPS.

2. For many years UP has earned, and it is currently earning, adequate revenues within the meaning of 49 U.S.C. §10704(a)(2) and (3) and the Revenue Adequacy Constraint of the Board's *Coal Rate Guidelines*.²

3. OPPD is a public corporation and political subdivision of the state of Nebraska with its headquarters at 444 S. 16th Street, Omaha, Nebraska. OPPD provides electric service to approximately 900,000 people in its eastern Nebraska service area.

² *Coal Rate Guidelines Nationwide*, 1 I.C.C. 2d 520 (1985), *aff'd. sub nom. Consolidated Rail Corp. v. United States*, 812 F. 2d 1444 (3d Cir. 1987).

**THE TRANSPORTATION COVERED BY THE
CHALLENGED RATE**

4. The transportation covered by the challenged rate is the movement by UP, using its crews and the locomotive equipment of UP or of BNSF, of unit trains of cars loaded with coal from mines in the Powder River Basin of Wyoming (“PRB”) from the Gibson Yard Interchange to the tracks owned and maintained by OPPD at NOPS, a distance of 8.6 miles, and the movement of unloaded unit trains back to the Gibson Yard Interchange for further transportation by BNSF back to the PRB mines.

OPPD’S EFFORTS TO SECURE A REASONABLE RATE

5. From January 1, 2009 to December 31, 2020 unit trains of rail cars owned or leased by OPPD loaded with coal from PRB mines were transported directly to NOPS by UP over its tracks pursuant to rail transportation contracts, the last of which expired on December 31, 2020.

6. Effective January 1, 2021, OPPD entered into a new rail transportation contract with BNSF for the delivery of unit trains of coal from BNSF-served mines in the PRB to BNSF’s Gibson Yard in Omaha, Nebraska. The rates and other terms for transportation by BNSF pursuant to the contract are expressly limited to BNSF service between PRB mines served by BNSF and BNSF’s tracks in the Gibson Yard.

7. OPPD’s unit trains of coal are transported from the Gibson Yard Interchange to NOPS by UP over its tracks pursuant to the terms of the Circular, which contains a rate for transportation to NOPS of \$295 per loaded car and also covers the transportation by UP of unloaded unit trains of cars back to the Gibson Yard Interchange. The NOPS plant is identified as “Omaha Public Power District” pursuant to the Circular (page 12).

8. No provision of the rail transportation contract between OPPD and BNSF obligates OPPD to pay BNSF any portion of the rate charged by UP under the Circular for its movement of OPPD trains to and from the Gibson Yard Interchange and NOPS.

9. On the understanding and belief that the rate charged by UP to transport OPPD's trains to and from the Gibson Yard Interchange and NOPS is for service UP provides to OPPD, OPPD has paid 100% of the rate since January 1, 2021.

10. Although UP has had full knowledge that OPPD has, since January 1, 2021 paid, and is paying, 100% of the rate, UP has refused the requests of OPPD and BNSF for OPPD to be directly billed for the charges. Instead, UP has insisted on first submitting invoices for its handling of OPPD's trains to BNSF. Solely as an accommodation to OPPD because no provision of their rail transportation contract requires it, BNSF accepts UP's invoices and OPPD reimburses BNSF for 100% of the amounts assessed by UP. This informal payment arrangement is solely due to UP's refusal to accept direct payment of the rate from OPPD.

11. OPPD has made numerous attempts to obtain UP's agreement to reduce the \$295 per carload amount in the Circular to a lower, more reasonable level, but UP has refused.

12. Pursuant to the Board's procedural rules governing formal rate complaints the parties engaged in mediation to attempt to resolve this dispute, but the mediation was not successful.

**UP POSSESSES MARKET DOMINANCE OVER COAL
TRANSPORTATION TO NOPS**

13. All of the PRB coal consumed at NOPS is delivered by rail. UP is the only railroad with tracks connected to the NOPS plant tracks, and therefore the only railroad capable of providing direct rail service to NOPS from the Gibson Yard Interchange. Neither motor carriage nor water vessel transportation represents a practical and economically viable

alternative to unit train rail service. UP does not face effective competition for the transportation of coal to NOPS from BNSF's Gibson Yard. Accordingly, UP possesses "qualitative" market dominance over OPPD's coal movements under 49 U.S.C. §10707.

14. This Complaint challenges the reasonableness of the rate established by UP in the Circular for the transportation described in this Complaint. That rate is more than 375% of the variable cost of the associated service, far in excess of the 180% quantitative jurisdictional threshold established under 49 U.S.C. § 10707(d).

15. Because UP possesses qualitative market dominance over coal transportation to NOPS and the rate exceeds the 180% quantitative jurisdictional threshold, the Board has jurisdiction to adjudicate the reasonableness of the UP rate, rules and practices applicable to that transportation that are the subject of this Complaint.

16. Because OPPD's unit trains are transported between the PRB and the Gibson Yard Interchange pursuant to the aforementioned contract with BNSF, and because UP has market dominance over the final 8.6 miles of the overall movement to NOPS, the common carrier rate challenged pursuant to this Complaint is a rate which may be separately challenged pursuant to Board rules and precedent.

OPPD HAS STANDING TO CHALLENGE THE RATE AT ISSUE

17. The switch charge challenged by this complaint is a common carrier "rate" for transportation under 49 U.S.C. §10102(7) ("rate" means a rate or charge for transportation") which has been established by UP in the Circular.

18. The rail transportation services covered by the challenged rate are provided by UP to OPPD and consist of transporting OPPD's unit trains to and from the Gibson Yard Interchange and NOPS.

19. The rate challenged by this Complaint is paid in its entirety by OPPD, and this payment is not covered by or governed by any contract between OPPD and any rail carrier. Because OPPD has paid and is paying 100% of the rate, OPPD has standing under 49 U.S.C. §11701(b) to bring this Complaint against UP.

**THE CHARGE ESTABLISHED BY UP FOR
TRANSPORTATION OF OPPD'S UNIT TRAINS IS UNREASONABLE**

20. The common carrier transportation charge established by UP in the Circular for application to OPPD's PRB coal shipments from the Gibson Yard Interchange to NOPS exceeds the maximum reasonable levels permitted under 49 U.S.C. §§10701(d)(l) and 10702, and therefore is unlawful.

21. In accordance with 49 C.F.R. §1111.2(a), the reasonableness of the rate should be examined using the Constrained Market Pricing principles set forth in the Board's *Coal Rate Guidelines*, as interpreted and applied in proceedings before the Board.

22. UP's charge is excessive and unreasonable both under the Stand-Alone Cost Constraint and under the Revenue Adequacy Constraint of the *Coal Rate Guidelines*.

23. UP's charge is also excessive and unreasonable under the methodology for determining the reasonableness of reciprocal switch charges proposed by the Board in Docket No. EP 711 (Sub. No.1)(Served July 27, 2016), based on the trackage rights compensation methodology used in Finance Docket No. 30,000 (Sub-No. 16), *St. Louis Southwestern Railway Company – Trackage Rights Over Missouri Pacific Railroad Company – Kansas City to St. Louis*.

24. This Complaint shall be deemed to apply to and likewise challenge any changes to the provisions of the Circular subsequent to the filing date of this Complaint, or any tariffs, circulars or publications referenced therein.

25. Neither this proceeding nor the granting of the relief requested herein will constitute a major federal action significantly affecting the quality of the human environment or the conservation of energy resources.

WHEREFORE, Complainant OPPD prays that Defendant UP be required to answer the charges herein, and that after a hearing and investigation conducted pursuant to 49 U.S.C. §10704(a)(1) and the Board's implementing regulations, the Board: (1) finds the challenged rate to be unreasonable in violation of 49 U.S.C. §§ 10701(d)(1) and 10702; (2) prescribes the lawful maximum rate, as requested by OPPD and demonstrated by the evidence to be adduced herein; (3) awards damages to OPPD pursuant to 49 U.S.C. §11704(b), to be calculated based on the record of the proceeding; and (4) grants to OPPD such other and further relief as the Board may deem proper based on said record.

Respectfully submitted,

GENERAL RULES AND REGULATIONS

STATIONS LISTS AND CONDITIONS

This Circular is governed by OPSL 6000-series as follows. OPSL 6000-series lists stations which are rail served geographic points at which an Industry may be located and at which a train may stop for traffic. When a station is abandoned as of a date specified in OPSL 6000-series, the switch charges for such station, as published in this Circular, are inapplicable on and after that date.

DEFINITION OF TERMS USED IN CONNECTION WITH CHARGES NAMED HEREIN

INDUSTRIAL TRACKS

Tracks serving a particular Industry, whether located upon the property of UP or upon property owned or leased by the Industry.

INDUSTRY

A customer, shipper, receiver, transload operator or other entity that operates a facility specifically named in this Circular at which UP physically provides rail service for another rail carrier pursuant to an agreement with that other rail carrier.

INTERCHANGE TRACKS

Interchange tracks are tracks on which cars are interchanged between UP and connecting carriers.

LINE-HAUL

Movement between stations that are not located within the switching limits of the same station.

RECIPROCAL SWITCHING

An offering by a rail carrier where the carrier physically serving the Industry agrees to perform switching service for loading or unloading on behalf of another carrier on shipments having an immediately preceding or following line-haul movement via the other carrier. UP will provide reciprocal switching only to or from UP Industries specifically named in this Circular.

TEAM TRACK

A track or tracks assigned by UP for use of the general public. All team tracks are closed to reciprocal switching.

CHANGES IN OR ADDITION OF INDUSTRIES AT STATIONS ON UP

UP will only switch line haul traffic to or from Industries specifically named herein. New Industries which locate on UP will not be subject to reciprocal switching unless and until voluntarily agreed to and by UP and specifically named herein.

CAR DEMURRAGE RULES AND REGULATIONS

Except where otherwise provided, all cars handled under the provisions of this tariff will be subject to demurrage and storage rules and charges as provided in UP Rules Tariff 6004-series.

RECIPROCAL SWITCHING SERVICE WHERE NO CHARGES ARE PROVIDED HEREIN OR WHERE SWITCHING IS PHYSICALLY PERFORMED BY OTHER CARRIERS

- a) Where no reciprocal switching charge is provided in this Circular, switching service will not be performed.
- b) Except where noted by a dagger (†) where reciprocal switching is physically performed by a carrier other than UP at terminals for customers named in this Circular, reciprocal switching charges of those other carriers for customers named in this Circular, reciprocal switching charges of those other carriers govern.

NON-ABSORPTION OF INTERMEDIATE CARRIER'S SWITCH CHARGE

Except as otherwise provided, when UP reciprocal switching charge is absorbed in whole or in part by a connecting line-haul carrier, and interchange between UP and the line-haul carrier is effected by an intermediate carrier, applicable published charges assessed against UP by the intermediate carrier for the switch movement of a loaded freight car from or to the connecting line-haul carrier or for the return of an empty car to the line-haul carrier will be added to and become part of the UP reciprocal switching charge.

RECIPROCAL SWITCH CHARGES PUBLISHED IN THIS CIRCULAR WILL NOT APPLY ON THE FOLLOWING:

1. Traffic from or to Industries covered by contracts with UP to the extent the applicable contract is inconsistent with this Circular.
2. TOFC/COFC traffic.
3. Two-to-one locations in the UP/SP Merger which are covered by separate agreement.
4. Railway equipment, empty, moving on own wheels, including:
 - Railcars (STCC 37-422) not in revenue service
 - Locomotives or Tenders (STCC 37-411)
 - Maintenance or Repair railcars (STCC 37-424)
 - Passenger Train railcars (STCC 37-421)
 - Street railcars or self-propelled railroad railcars (STCC 37-423)

MILEAGE ALLOWANCE PAYMENT ON PRIVATE EQUIPMENT

All private cars switched by UP under the provisions of this Circular will not be subject to allowance applicable under UP's tariff UP-6007, as amended, supplemented, and/or reissued. Mileage allowance payment on private equipment will not apply for miles on UP.

RECIPROCAL SWITCHING CAPACITY

UP will not accept more cars in reciprocal switch service than can reasonably be accommodated by the carrier's Interchange Tracks and/or by the Industry's Industrial Tracks. Switching capacity may be specifically noted within this Circular for some Industries for informational purposes based on typical equipment length. Lack of such specific notations does not imply unlimited capacity. Various operational factors may further limit the number of cars that can be effectively interchanged, spotted, or pulled at Industries specifically named in this Circular.

Notes

- ¹ Applies only in outbound shipments of Rail Anchors. Will also apply on inbound shipments of Rail Anchors in connection with BNSF.
- ² Reciprocal switching only applies on traffic via line haul service for CN, CPRS, CSXT, or NS and their connecting lines east of Chicago, IL. "East of Chicago" is defined as: a) Any stations within the state or province of ME, VT, NH, MA, CT, NY, NJ, PA, MD, DE, VA, WV, OH, IN, KY, NC, SC, GA, MS, AL, FL, QC, NB, NS b) Any stations in the lower peninsula of MI c) TN except for Shelby County d) Any stations in ON east of and excluding Thunder Bay and Onaping.
- ³ Open only on inbound Lumber (STCC 24) from BNSF origins not commonly served by the UP in the states of MT, ID, WA and OR. Applies only on domestic shipments - no reciprocal switching on traffic from Canada or Mexico.
- ⁴ Applicable only from or to IAIS stations not also served by UP. No restrictions on BNSF or NS linehaul traffic.
- ⁵ Open only on outbound moves of distillate or residual fuel oil (29-113; 29-117- 15 or corresponding HMRC, if applicable), rubber extender (29-117-57 or corresponding HMRC, if applicable) inbound/outbound, and carbon black oil (29-119-50 or corresponding HMRC, if applicable).
- ⁶ Facility in Houston Public Grain Elevator #2.
- ⁷ Interstate Traffic Only.
- ⁸ Reciprocal switching for KCS only applies on traffic originating or terminating in Mexico, and traffic originating or terminating at stations on KCS between Laredo and Corpus Christi, TX.
- ⁹ Capacity constraints at this location limit the number of cars to 18 per switch.
- ¹⁰ Capacity constraints at this location limit the number of cars to 55 per switch.
- ¹¹ Reciprocal Switching does not apply on inbound motor vehicles (STCC 37-11, 41-118-35).
- ¹² Reciprocal switching for these industries applies only for: CN, CSXT, KCS and NS.
- ¹³ Open only on traffic originating at local stations served by competing lines in the states of CA, ID, MT, OR, UT and WA. Also open on traffic originating at Vancouver, BC.
- ¹⁴ Joint UP-BNSF track; UP performs switching open only to BNSF.
- ¹⁵ STCC 24-211, 24-991, 28-125, 28-191, 28-712, 33-123, 33-124, 33-125, 33-126 only.
- ¹⁷ Applicable only on inbound shipments of lumber/products (STCC 24-2, 24-3, 24-9) from origins in BC or AB, Canada.
- ¹⁸ Applicable only for Alaska Railroad.
- ²⁰ Applicable only in connection with BNSF.
- ²¹ Sioux City/Tyson Fresh Meats (former IBP) note) - Applies only on shipments for road-haul movements via BNSF to destinations as follows. (a) Stations on BNSF west of line of UP from Duluth, MN via Eau Claire, WI, Minneapolis, MN, Mankato, MN and Sioux City, IA to Omaha, NE thence west of the line of BNSF from Omaha, NE to Kansas City, MO thence west of the line of KCS from Kansas City, MO to Port Arthur, TX. (b) Stations on BNSF on or east of the line described in (a) other than those which are also served by UP. (c) Stations on AM and OTVR when routed in connection with BNSF.
