Dave,

We understand in conversations with STB OEA that as part of CN's filing on Feb. 22 we will submit environmental information responsive to the requests in the original letter dated June 8, 2021 titled Information Request No. 1. Can you confirm via a revised letter that these are the same information requests we will need to respond to as part of the responsive application submitted on Feb. 22 (perhaps send the same request with just a different title reflecting the current CP-KCS Docket ID). Happy to discuss if needed.

Thanks,
Peter
