Re: FD 36447, Lake Providence Port Commission-Feeder Line Application-
Line of Delta Southern Railroad Located in East Carroll and Madison
Parishes, LA.

Dear Director Dinh:

This letter seeks clarification of the Board's decision served August 23, 2022. First, will the Board assign a new docket number to the amended feeder line application that the Board has authorized Lake Providence Port Commission (LPPC) to file, or will it assign a sub-number? Or should the amended application reflect FD 36447?

Second, as the Board has recognized, LPPC is a noncarrier political subdivision of the State of Louisiana. When the original application was filed on November 12, 2020, LPPC sought a waiver of the filing fee pursuant to 49 C.F.R. § 1002.2(e). Although LPPC is a state government entity and is not a quasi-government corporation or a government subsidized transportation company, no action was taken by the Board in response to LPPC's request. As a result, the filing fee was timely paid. Will the filing fee for the amended application be waived, or will an additional filing fee be required?

Thank you in advance for your consideration of this matter.

Respectfully submitted,

/s/ Richard H. Streeter
