Re: Finance Docket No. 36500, Canadian Pacific Ry. – Control – Kansas City Southern

Dear Ms. Brown,

We, Jean-Marc Ruest (Senior Vice-President, Corporate Affairs and General Counsel) and Robert Bielik (Vice-President, Transportation) are senior executives of Richardson International Limited (Richardson). Richardson, through one of its subsidiary corporations, owns Italgrani U.S.A., Inc. (Italgrani) which is the largest single durum miller in the United States. Italgrani's assets include a durum mill situated in St. Louis, Missouri and grain handling facilities in Tolley, Powers Lake and Benedict, North Dakota.

As directed in the Board's Decision No. 22 in this proceeding, we respectfully request the opportunity to appear virtually on behalf of Richardson and Italgrani at the September 28-30 hearing on the Canadian Pacific-KCS combination. In doing so, we would provide details of the benefits that would accrue to Richardson/Italgrani and their respective customers as a result of the proposed CP/KCS combination.

Yours truly,
