Re: Docket No. FD 36500

Dear Chairman Oberman,

I respectfully submit this request for the opportunity to testify at the public hearing scheduled for September 28, 29, and 30, 2022 before the Surface Transportation Board (STB) on the proposed Canadian Pacific merger with Kansas City Southern, Docket No. FD 36500. If possible, I would prefer to testify on September 29th.

I look forward to the opportunity to share our concerns about the merger and its potential to shift cargo, shipping capacity, and export opportunities from regions served by U.S. West Coast Ports to Canada and Mexico, causing economic harm to our regional and national economies. Please feel free to contact me at 503-307-3776 or heather.stebbing@pnwa.net for questions or scheduling specifics.

Sincerely,

Heather Stebbings
Executive Director, PNWA
