Re: Proposed Letter to STB Regarding Testimony for CP/KCS Combination

Dear Chief Brown,

I am Commissioner Roy Burrell of the Caddo Parish Commission. As directed in the Board's Decision No. 22 in this proceeding, this letter is to notify you that I wish to appear virtually on behalf of the Caddo Parish Commission at the September 28-30 hearing on the Canadian Pacific-KCS combination. I anticipate discussing the Caddo Parish Commission's perspective on the public benefits of the proposed CP/KCS combination. In rebuttal testimony, I may offer testimony as to the appropriateness of conditions proposed by a third party with respect to this combination which may directly affect the I-20 corridor route if any.

This testimony will be offered in support of the submission of the I-20 Corridor Council dated April 28, 2022, on file herein which contains a resolution of the Caddo Parish Commission with respect to this proposed combination.

Sincerely,

Roy Burrell
District 5 Commissioner and joined by
