RE: File #0349-22; Canadian Pacific Railway Proposed Acquisition of Kansas City Southern Railway, Docket #FD-36500; Adair and LeFlore Counties, Oklahoma

Dear Mr. Tabachnick:

Thank you for submitting the requested additional information for the referenced project, which we received on September 28, 2022. We have reviewed the documentation. Additionally, we have examined information contained in the Oklahoma Landmarks Inventory (OLI) files and other materials on historic resources available in our office.

We concur with your opinion that Resources #1-#26, #28-#30, #33-#37, and #41-#47, on the attached list, are not eligible for the National Register of Historic Places (NRHP.)

Additionally, it is our opinion that Resources #27 (OK-HE-020), #31 and #32 (OK-HE-024A and OK-HE-024B) are not eligible for the NRHP, as these resources lack sufficient significance and integrity to merit individual listing. Furthermore, it is our opinion that Resources #39 and #40 (K-SHRE-01 and K-HEAV-02) are not eligible for the NRHP, as it remains unclear whether these resources retain sufficient integrity to merit individual listing.

We also concur with your opinion that Resource #38 (OK-HE-027, Oil Branch Drainage Channel) is eligible for listing in the NRHP under Criteria A and C.

We find that we are unable to complete the review of your project without the following additional information: Due to the proximity of Resource #38 (OK-HE-027, Oil Branch Drainage Channel), which has been determined eligible for the NRHP, please submit a detailed description and any drawings of the proposed capital improvements in Heavener, Le Flore County, Oklahoma. (Please refer to the *Review and Compliance Manual*, Pages 37-38, or our website at www.okhistory.org/shpo/section106.htm.) We will then complete the review and issue an opinion of effect.

Regarding the precontact archaeological sites (34AD282 through 34AD294), we defer opinion on the NRHP eligibility to Dr. Kary Stackelbeck, State Archaeologist with the Oklahoma Archeological Survey (OAS).

Please note that this project is located within the reservation boundaries of the Cherokee Nation and the Choctaw Nation and is therefore on tribal lands as defined in the National Historic Preservation Act (NHPA) and the Section 106 regulations (36 CFR Part 800).

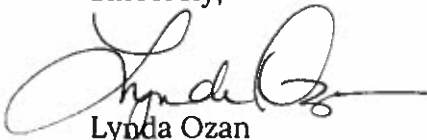

Thank you for the opportunity to review this project. Please reference the above underlined file number when responding.

Mr. Tabachnick
