Subject: RE FD36500 (Sub-No. 1) comments
Date: Sunday, November 6, 2022 6:17:58 PM

Diana Wood
Surface Transportation Board,

Please approve all rail line proposals listed in the request for comments mailed to my office dated October 20, 2022. Divestiture of 370 miles of Kansas City southern rail line and freight terminal interests would help bring competition to intermodal service between Kansas City and Chicago! These facilities can bring growth to manufacturing, agriculture, importing and exporting in my Missouri House District 33 in Jackson, Cass, and Lafayette Counties in Missouri. 25 miles or so of this line runs through my house district. Environmental, traffic and noise concerns listed in the study are not sufficient to warrant delay to this proposal. Please fast track this opportunity for Missouri jobs, businesses, and economic development.

Thank You,

Chris Sander
State Representative, District 33
201 W Capitol Ave, 116A-2
Jefferson City, MO 65101
