Peter,

Last I heard from Mayor Arico, he was going to attend the Board meeting in late October and ask about the project status - as to whether there were permits/plans in hand.

So I don't have any new information.

Diana

Diana – any chance you have a copy of the plans you can send to us?

Thanks,

Peter

Subject: CN -Comment concerning a proposed pedestrian bridge over KCS Line

Peter,

I received the attached comment from Mayor Arico of Bowling Green, MO. regarding funding they have recently received for a

pedestrian bridge over a KCS line segment that is not part of the environmental review. I asked whether plans and permits were in hand and he is in the process of finding out. As an FYI to you, if the project has already received such approvals, then CN may want to look at the plans to ensure that the proposed bridge would allow for adequate clearance of CN rail traffic.

Thanks,
Diana
