Hello Diana and Alan –

We reached out to MO SHPO regarding the comment you received regarding electronic submittal to determine if an additional submittal was necessary. Looks like they gave us a pass this time due to the newness of the system and provided the below response indicating no comments on the undertaking. Please let me know if we need to conduct further consultation.

Thanks!

steve

Stephen G. Thornhill, **LEED AP**

Andrew,

We did receive it and I conducted the review back in early December. SHPO had no comments on the undertaking so no reply was sent. But you are welcome to use this email as a formal response to that submission if you would like to have it for your files.

Best,
Jeffrey

Jeffrey S. Alvey, PhD, RPA
Archaeologist and Review, Compliance & Records Section Chief

Hi Jeffrey,

Apparently, Alan Tabachnick sent you a hard-copy submission for the above-referenced project. Upon receipt of that material on Nov 17, 2022, you sent Mr. Tabachnick a reply email "On October 1, 2022, the Missouri SHPO transitioned to an exclusively digital submission process for projects requiring Section 106 review. You are being notified of this because our office received a hard-copy submission for the above-referenced project. We are operating with a grace period for now and will accept your hard-copy submission for this project, however, please be aware that any hard-copy submissions received in the future **will not be accepted** by our office."

The PM here at Burns & McDonnell wanted me to reach out to you to make sure that you had everything you need to complete the review of the materials provided in hard copy form. Is that the

case? Also, will you be sending a response letter to Mr. Tabachnick or does that come via email or online portal of some sort that we need to download?

Thanks,
Andrew
