Diana – I hope this finds you well. Please find attached the final two quarterly mitigation progress reports required to be submitted by Southwest Gulf Railroad (“SGRR”). As per mitigation condition no. 80 adopted in the December 17, 2008 decision granting final approval for the construction and operation of the SGRR line, SGRR’s obligation to submit mitigation progress reports has now terminated because three years have passed since the line became operational in the fall of 2019.

We appreciate your assistance throughout this project. All the best for the holiday season. Regards. David Coburn/Attorney for Southwest Gulf Railroad
