Topic: Docket No. EP 756, Market Dominance Streamlined Approach

Summary of the Matters Discussed, Prepared by General Counsel Craig Keats:

In this proceeding, the Board adopted a final rule establishing a streamlined approach for pleading market dominance in rate reasonableness proceedings. The Board opened the proceeding to explore whether and when simpler and more expeditious ways could be used to make the market dominance determination required in rate complaint cases. Following the Board's adoption of a final rule, petitions for reconsideration were filed. At this meeting, staff and Board Members discussed potential next steps in light of the issues raised in the petitions for reconsideration that have been filed.
