RE: RETAC

Rail Energy Transportation Advisory Committee (RETAC)

Per the Surface Transportation Board December 27, 2022, notice regarding vacancies on the Rail Energy Transportation Advisory Committee (RETAC), I am writing to self-nominate John Haysbert as representative for renewable energy sources position.

I am a Vice President of Government and Institutional Relations with Hitachi Energy in Washington, D.C., responsible for leading all US Government and Institutional Relations on a variety of issues.

I will represent the interest of the renewable energy resources.

Previously, I was a Managing Partner, External Affairs and Government Relations with H-Cubed Solutions and a Director, Federal Government Affairs at Duke Energy. Additionally, I worked in the United States Senate on legislation referred to the Energy and Natural Resources Committee (Brookings Institute). I provided industry knowledge to members of congress on a variety of energy issues regarding clean energy technology deployment, enhanced energy efficiency, improved energy security, energy innovation and workforce energy markets.

I am willing to serve as a representative for Technology/Manufacturing and Energy industry.

A native of Cincinnati, Ohio, I graduated with an MBA and a Bachelor of Arts with honors from Xavier University in Cincinnati.

Yours sincerely,

Vice President, Government and Institutional Relations
