Attn: Docket No. EP 670 (Sub-No. 2)

Dear Surface Transportation Board:

I would like to submit my name for consideration as both the labor, and an at-large position, as a representative for your Rail Energy Transportation Advisory Committee (RETAC).

If selected, I would represent the interests of Labor.

Currently, I serve as Director of Legislative and Regulatory Affairs for the Brotherhood of Locomotive Engineers and Trainmen (BLE-T), a Division of the Rail Conference of the International Brotherhood of Teamsters (IBT). I began serving in this position in July of 2022, and am based out of Washington, DC. A locomotive engineer for multiple Class 1 railroads by trade, I have also served the Brotherhood in many capacities throughout my 25 years plus of experience. I hired with Conrail in March of 1994, attended Locomotive Engineer Training School in October of 1994, and was promoted to Locomotive Engineer in August of 1995. I transferred to Norfolk Southern in June of 1999, operating trains primarily in through freight service. In 1997, I became a member of the BLE-T, and served briefly as both President and Vice President of Local Division 601. Following the Conrail split, I transferred to recently reinstated BLE-T Local Division 226. During my tenure at Local Division 226, I have served as Vice President, President, Local Chairman, Delegate to the National Division, Alternate Legislative Representative, and Legislative Representative. I have also served as a Vice Local Chairman on the BLE-T NS Southern Lines General Committee of Adjustment, and as both Vice Chairman and Chairman for the BLE-T's New Jersey State Legislative Board.
