You're welcome!

If it wasn't shared already, we would be interested in seeing if there was a way to limit the train noise coming to our high school campus.

Thanks,

--

Hello Mr. Farnsworth,

I'm reaching out on behalf of the Surface Transportation Board as part of their environmental review of the Union Pacific Pecos Industrial Rail Access and Train Extension (PIRATE) project. In support of the environmental analysis, we are considering potential changes in visual quality and character due to construction of the proposed rail line. To that end, we would like to request access to the baseball fields at your school adjacent to Rittenhouse Road for purposes of taking photographs towards the project area that represent existing viewpoints of your students, families, and staff. I expect the effort to take less than one hour.

My intent was to coordinate this request through your colleagues Lori Craig and Chris Brooks, whom attended our project update meeting on March 28, 2022, but I was not able to locate an email address or phone number for either of them. I also called and spoke to the front office and am hoping for a phone call back. If you can help put me in touch with the right person in order to get approval to access the property and coordinate on timing and any other access requirements, I would really appreciate it.

Thank you for your help,

Maggie Buckley | [Jacobs](#) | Environmental Project Manager (she/her)
