Re: Townline Rail Terminal, LLC - Docket Number: FD 36575

March 3, 2023

Dear Chairman Oberman,

Townline Association is assisting residents with the public comment process. Attached are letters to be included for your consideration. In accordance with 49 C.F.R. § 1104.12, I have cc'd the parties of record on this correspondence.

Below please find both a letter from Kings Park resident Keegan Harris, along with **over 2,500** signatures opposing Townline Rail Terminal.

Respectfully Submitted,

Linda Henninger

RE: Surface Transportation Board Decision, Docket No. FD_36575

Dear Mr. Oberman,

I am writing in regards to the Townline Rail Terminal project that is proposed to be built in the town of Kings Park, New York. I am deeply concerned that should this freight yard be built, it will severely impact the health of my family as it is less than a quarter mile from my front door.

If you were to come to my home on any given day, you would see my three young daughters playing basketball in the street or tag with nearly 20 other children who live on my block. We love to be outside. However, in the back of my mind, I am also worried. As a Kings Park resident, there is a five mile radius of environmental hazards that my children are already exposed to. There is toxic pollution from the Northport Power Plant, the Huntington (Covanta) Incinerator (just a half mile away from my home), the medical waste incinerators at the

Northport VA and St. Catherine's Hospitals, several capped landfills and their methane venting systems, and a cornucopia of businesses that add more pollutants from sand mining, concrete crushing and asphalt production. There are the emissions from the numerous trucks that serve the businesses in the area and the emissions from the LIRR diesel trains. I know a lot of people ask why I would choose to live here with all of these exposures, but to be honest, it is one of the only places that we could afford to live on this expensive Island. The fact that there could potentially be a freight yard built directly next to the block in which I live only exacerbates the constant worry that I have regarding the health of my children.

What also concerns me with this proposed freight yard is that I was not made aware of the project even after my town legislator, Robert Trotta, sent a letter of support to the STB in September, 2022 stating that he is aware that this project will impact a community next to the proposed site. That is my community. I live on the block where this is supposed to be built, yet no one thought it was important to tell me about this proposal. I feel as if the government has failed my family and I. Their job is to protect the health and safety of their constituents and their support of this project shows that their only concern is money.

Many people in my community share my concerns with this project. This is evident through the change.org petition that I created which currently has over 2500 signatures. If you would like to view the petition you can [find it by CLICKING HERE](#). I have also attached the list of signatures to this letter. The list is from March 2, 2023. The number of signatures grows each day.

I hope that you take my concern into consideration while reviewing the proposal from the Townline Rail Terminal.

Sincerely,

Keegan Harris
44 Glen In,
Kings Park, NY 11754
