Hello Adam,

Thank you for the additional context and your patience with the Air Force's Fifth Five Year Review.

Because reviewing the draft EA serves your purposes, I would prefer to do that as it is unclear when the Fifth Five Year Review would be finalized and made available to you.

Thank you,

Vicky Wiraatmadja

Hi Vicky,

My original intent for the call/meeting was to confirm that our pending mitigation relating to hazardous materials was sufficiently protective of ongoing remediation efforts in or near the proposed rail line construction's project area. The Draft EA will likely be served in mid-January, including all the preliminary environmental mitigation recommendations. If instead you'd prefer to review that report and provide comment after issuance of the draft EA, that would also be sufficient for our purposes.

We just wanted to be respectful of your process and timelines.

Please let me know your preference and I can try to get another time on the calendar. I will be in the field Dec 14-16 and unable to schedule anything on those days.

Thanks,

Adam Assenza

Hi Adam,

As an update, the Air Force has not yet issued the final Fifth Five Year Review.
Also, as I mentioned last week, I became unavailable for Monday, December 12, 2022 2:00 PM Pacific.

Would you like to postpone the discussion until after the final Fifth Five Year Review is issued?

Thanks,
Vicky Wiraatmadja

Subject: New Time Proposed: STB Docket FD-36501 Proposed rail construction in Mesa, AZ
When: Monday, December 12, 2022 2:00 PM-2:30 PM (UTC-08:00) Pacific Time (US & Canada).
Where: Microsoft Teams Meeting

Hello Adam,

My apologies, but I will no longer be available Monday 12 December due to a flight change.
Could this meeting be pushed back by 1 day to 2pm Pacific Tuesday, 13 Dec?

Thank you,
Vicky
