Subject: [EXTERNAL] RE: UPRR PIRATE Continuing Section 106 Consultation and Survey Report Distribution

Hello, Glennda,
 Arizona State Museum (ASM) has reviewed *A Class III Cultural Resources Survey for the Union Pacific Railroad Company Pecos Industrial Rail Access and Train Extension (PIRATE) Project, Mesa and Queen Creek, Maricopa County, Arizona*, by P.J. Rainey and M. Stubing of Jacobs Engineering Group, Inc., dated August 2022.

ASM concurs with the Surface Transportation Board's (STB) finding of "adverse effect".
 ASM has no comments on the report draft (ASM Accession 2022-0231).

Have a great week!

Thanks,
 Shannon

External Email

Dear Dr. Lyons,

As stated in previous Section 106 consultation conducted under the National Historic Preservation Act, the Union Pacific Railroad Company intends to request authority from the Surface Transportation Board (Board) to construct and operate approximately six miles of new rail line in Maricopa County, Arizona (the proposed Pecos Industrial Rail Access and Train Extension [PIRATE] rail line).

With the attached letter, the Board's Office of Environmental Analysis (OEA) is continuing Section 106 consultation with your office and soliciting comments regarding revisions to the Area of Potential Effects for cultural resources, adequacy of a Class III survey report, National Register of Historic Places site eligibility, treatment recommendations, finding of adverse effect, and a Section 106 agreement document.

The Class III cultural resources survey report has been transmitted to you via File Transfer on behalf of OEA by Jacobs Engineering Group Inc, OEA's third-party contractor. The File Transfer document will be available for 15 days and will expire on September 15, 2022. If you are not able to access the document, or the link expires, please contact Glenda Luhnnow, Jacobs' cultural resources manager, at Glenda.Luhnnow@jacobs.com.

OEA requests your review and comment regarding the content of this letter by **Tuesday, October 4, 2022**. Please send your written comments electronically to Alan Tabachnick, OEA's Historic Preservation Specialist, at Alan.Tabachnick@stb.gov. If you have any questions or would like to discuss the proposed project in more detail, please contact Alan Tabachnick.

Thank you,
Glenda Luhnnow
