Good afternoon Ms. Luhnnow,

Thank you for your email. I'm not sure what the technological issue was that kept me from joining the meeting.

Please note that the Pueblo of Zuni is interested in this undertaking and has concerns relative to the identification, determination of significance/eligibility of historic properties and any designed efforts to avoid, reduce or mitigate adverse effects to historic properties that embody Zuni associative values as properties of traditional religious and cultural importance. The Pueblo of Zuni anticipates government-to-government consultation with the federal agency and that in this process the federal agency affords the Pueblo of Zuni all the opportunities and rights provided by Section 106 of the NHPA.

Thank you for making note of the Zuni position regarding this undertaking and the need to develop an MOA.

Sincerely,

Hi Kurt,

That is really odd—I was monitoring logs to see if anyone was calling in and your number did not come up. My apologies that the technology was not successful.

We will be sending out the meeting minutes as well as the power point presentation from the meeting. Would you like to set up a call to discuss? I will be out tomorrow and next week on PTO, but Alan Tabachnick, the Board's Historic Preservation Officer, is available to provide more details during that time, if it is convenient to you.

Again, my apologies for the inconvenience for the technology. We appreciate your time and interest in the project.

Sincerely,
Glennnda Luhnnow

Is this meeting in progress? I've tried several times to connect through Microsoft Teams, but all attempts have been unsuccessful. Also, unsuccessful at connecting through the provided phone connection.
