Dear Alan Tabachnick,

On October 1, 2022, the Missouri SHPO transitioned to an exclusively digital submission process for projects requiring Section 106 review. You are being notified of this because our office received a hard-copy submission for the above-referenced project. We are operating with a grace period for now and will accept your hard-copy submission for this project, however, please be aware that any hard-copy submissions received in the future **will not be accepted** by our office.

For instructions on using the new digital submission process please see the instructions provided below the "Initiate Review" heading on this webpage:

If you have any questions just let me know.

Best,
Jeffrey
