**Subject:** Legal public notice - abandonment of historic Harsimus Branch & 6th Street Embankment  
**Date:** Friday, July 7, 2023 9:20:35 AM

---

As a longtime area resident, I must report I have not received any notice regarding the possible demolition of the historic Embankment - I am concerned such demolition will cause structural damage to many properties located in the surrounding historic district and neighborhood, including mine.

In addition to allowing area residents to receive adequate legal notice, I urge the Board to reconsider authorizing the abandonment of the Harsimus Branch and Sixth Street Embankment, as it continues to be an integral part of our city's future. At the very least, engaging the public regarding this matter must remain a priority for this Board - to ignore this priority would be a crime.

Thank you for your time and trouble on this matter.
