Subject: UPRR PIRATE Revised Draft MOA and Meeting Materials

*** PROCEED WITH CAUTION - This email was sent from outside the Company ***

Dear Mr. Rice,

As the Surface Transportation Board's (Board) Office of Environmental Analysis (OEA) stated in previous Section 106 consultation conducted under the National Historic Preservation Act, on June 30, 2022, the Union Pacific Railroad Company (UP) filed a petition with the Board requesting authority to construct and operate approximately six miles of new rail line in Maricopa County, Arizona (the proposed Pecos Industrial Rail Access and Train Extension [PIRATE] rail line).

OEA conducted a virtual meeting with the Section 106 consulting parties on January 26, 2023, to resolve comments on the project's draft Memorandum of Agreement (MOA). At that meeting, an implementation request from UP specific to data recovery and construction sequencing was discussed. In further consideration of the implementation request, OEA determined that such sequencing is not feasible and will not be utilized.

The revised draft MOA, meeting minutes from the January 26th meeting, and a comment resolution form summarizing changes in the revised draft MOA, are attached for your information and review. A blank Comment Form is also attached for your use as you review the revised draft MOA. Please provide us with any last comments by March 3rd. We appreciate everyone's thorough review of the first draft of the MOA and that when you look over the revised MOA you

will see that we addressed all of the Consulting Parties comments and requests. We look forward to any additional input you wish to provide and hope to circulate a final version of the MOA in the near future.

Please feel free to contact Alan Tabachnick, OEA's Deputy Federal Preservation Officer, at Alan.Tabachnick@stb.gov with any questions about the Section 106 process or the revised MOA. And thanks again for all of your input on this project – we appreciate it.

Thank you,
Glennnda Luhnnow
