 Re: Townline Rail Terminal, LLC - Docket Number: FD 36575

Dear Chairman Oberman,

Townline Rail Terminal is seeking to construct and operate a private freight yard at 140 Old Northport Road, Kings Park on the Port Jefferson line. The plan shows the prospect of five tracks totaling 9,400 feet, two buildings totaling at least 100,000 square feet, and a 161-freight car capacity totaling 10,456 feet of train. It would be a chain link fence away from established residential neighborhoods. The Port Jeff line passes within yards of our schools (Commack, Elwood, Kings Park, Harborfields, Northport, Fort Salonga, East Northport, Huntington), houses, businesses and our local roads. This regional freight yard is unnecessary and only serves to financially benefit the petitioner, while harming our communities. **I respectfully request this petition be denied.**
