UNDER 49 U.S.C. § 29308(f)–FOR SUBSTANDARD PERFORMANCE OF
AMTRAK’S SUNSET LIMITED TRAINS 1 AND 2

**AMTRAK’S RESPONSE TO THE BOARD’S INVESTIGATIVE QUESTIONS AND
DOCUMENT REQUIREMENTS; APPENDIX A – PART II**

Pursuant to the Surface Transportation Board’s (“Board”) July 11, 2023 Order (“Order”), the National Railroad Passenger Corp. (“Amtrak”) hereby provides the information sought in Appendix A – Part II of the Order.

1. **Uniform stations/mileposts.** Produce a list of all stations (as defined in Part I of this appendix) on the *Sunset Limited* that you hosted, owned, operated, dispatched, served, or leased. This list should identify each station with a milepost number that incorporates a prefix from the “Alpha Milepost Series Designators” table below. Any answer or document produced in this proceeding that references a location should conform to this uniform milepost standard, unless stated otherwise. In other words, if multiple parties all refer to the same milepost number, that location will be identical in its actual location. This does not apply to documents where a location is given for a generic purpose such as a training guide or standard operating procedure.

Amtrak's Response to Investigative Question No. 1: A machine readable table identifying all stations (as defined in Part I of the appendix) that Amtrak hosted, owned, operated, dispatched, served or leased during the relevant time period is attached to this response. Each station is identified with a milepost number that incorporates a prefix from the "Alpha Milepost Series Designators" table provided in the Board's Investigative Question No. 1.
