Mr. Tabachnick,

I am an adjoining property owner to the Harsimus Branch.

I have owned the property at 274 Fifth Street, Jersey City, NJ 07302 since 1998. I have NEVER received formal notice of the abandonment or demolition of the Embankment. My ownership predates the Hyman Family and all their shell companies. They have NEVER provided me with NOTICE. The STB has never provided me with notice as to what you are doing or asked for my opinion even though my house is next to the Harsimus Stem. I object to the demolition of the Embankment.

I wish to be provided with notice of all your activities and all your backroom dealings on the Harsimus Stem.

Very truly yours,

Donna J. Dorgan
