Dear Mr. Tabachnick,

I have been a resident of Downtown Jersey City since 1988. I have been involved with the preservation of the 6th street embankment in hopes to see it turned into some sort of green space for all.

Please help us by making sure this irreplaceable structure is deemed a historic asset that is protected from demolition by greedy developers.

We as a community ask you please keep us informed as the steps that are being taken by your STB office to keep the Harsimus as an open green space the public to enjoy.

In advance I thank you for your attention.

Respectfully,
Liliane Freitas
