Re: *Savannah Industrial Transportation, LLC – Operation Exemption – In Effingham County, GA.*, FD 36489

Pursuant to the Board's order in the above-referenced docket served on August 1, 2023 (the August 1 Order"), Savannah Industrial Transportation, LLC ("SIT") hereby provides the following information and certifications:

- SIT currently serves one shipper by rail – Quantix SCS, Inc. f/k/a A&R Logistics, Inc. ("Quantix"). SIT hereby certifies that it has served a copy of the August 1 Order upon Quantix via overnight mail on August 29, 2023. As additional information, SIT has been over the past several months in active negotiations with other prospective shippers along with Effingham County, which owns much of the land within, and around, the subject industrial park (also known as the Savannah Gateway Industrial Hub – the "Hub"). Effingham County is, and has been, engaged with SIT and Savannah Industrial Logistics, LLC in the development of the Hub as part of the county's economic development master plan. SIT is mindful of the Board's directives with respect to its limited and provisional authority to conduct common carrier operations, and will abide by the terms of the Board-issued exemption in this proceeding, subject to any further agency guidance going forward. SIT plans to address currently-pending railroad shipper opportunities that have been developed in cooperation with Effingham County in a subsequent filing.
- SIT also hereby certifies that it has served a copy of the August 1 Order upon representatives of Norfolk Southern Railway Company and CSX Transportation, Inc. – the only two rail carriers with which SIT currently connects.
