Re: Docket No. EP 670 (Sub-No. 2), *Notice of Rail Energy Transportation
Advisory Committee Vacancies*

Dear Ms. Brown:

Grand Trunk Corporation, on behalf of the U.S. rail operating subsidiaries of Canadian National Railway Company (collectively, "CN"), respectfully nominates Sandra Ellis, CN's Vice President, Bulk, for a three-year term as a Class I railroad representative on the Rail Energy Transportation Advisory Committee (RETAC).

In Sandra's role as Vice President, Bulk, Sandra has responsibility for bulk commodities including coal; grain; fertilizer; vegetable oils; and ethanol. Sandra has more than 20 years of experience in the rail sector. In her current role, she is responsible for driving CN's market expansion and sales activities in the coal and petroleum coke businesses and the new supply chain development for the evolving renewable fuels feedstock supply chains. Prior to her current position, Sandra was Assistant Vice President, Sales, for Petroleum and Chemicals, with sales accountability for refined products through petrochemical energy commodities.

Sandra is based in Calgary, Alberta. Before she joined CN, she was Director, Commercial Development, NGL Processing at Inter Pipeline Ltd., an energy infrastructure business engaged in the transportation, processing, and storage of energy products. With her combined 20+ years of railroad and energy industry experience, she has both a customer and railroad perspective as well as multi-modal experience of supply chains including pipeline, rail and truck. She presently serves on the Coal Association of Canada and is an alternate for CN's representative on the

WESTAC Board of Directors. Sandra has a Bachelor of Commerce from the University of Saskatchewan.

As a representative of a Class I railroad with both domestic and international focus, Sandra would provide RETAC with broad perspective and knowledge on trade and industry issues, both domestic and cross-border.

Sandra's contact information is as follows:

Sandra is willing to serve as a member of RETAC should she be selected, and she agrees to serve in a representative capacity for one of the current Class I vacancies.

Please do not hesitate to call me if you have any questions.

Respectfully submitted,

Kathryn J. Gaaney
