Subject: [EXTERNAL] RE: Continuing Section 106 Consultation--UPRR PIRATE Draft HPTP

Hello Alan and Glenna,

I have completed a review of the draft HPTP and have no comments.

As a reminder, SRP operates and maintains a number of power assets within or adjacent to the projects area. In addition to any AZ511/BlueStake notifications, please submit detailed plans for excavations in the vicinity of existing power poles or buried lines to the SRP project plans submittal portal (<https://srpnet.com/about/land/secure/plansubmittal.aspx>) to ensure that all work takes place a safe distance from SRP power infrastructure. Please feel free to reach out with any questions.

Dan Garcia

Dear Mr. Rousseau,

As the Surface Transportation Board's (Board) Office of Environmental Analysis (OEA) stated in previous Section 106 consultation conducted under the National Historic Preservation Act, on June 30, 2022, the Union Pacific Railroad Company (UP) filed a petition with the Board requesting authority to construct and operate approximately six miles of new rail line in Maricopa County, Arizona (the proposed Pecos Industrial Rail Access and Train Extension [PIRATE] rail line).

OEA is now circulating a Historic Properties Treatment Plan (HPTP) for your review and comment. The draft HPTP has been prepared in accordance with Stipulation X of the project's revised draft Memorandum of Agreement (MOA) and contains measures for the resolution of adverse effects to four cultural resources sites. Provisions conducting cultural resources monitoring during construction and for preparing a Traditional Cultural Properties (TCP) identification and evaluation study, a cultural landscape study, and a historic context are also outlined in the HPTP. A blank comment matrix is provided for your review of the draft HPTP.

The draft HPTP is available for download from a secure File Transfer (FT) site. Instructions for accessing the FT for download will be transmitted electronically to you, and the document will be accessible for 15 days (June 30, 2023). If you have any issues downloading the document, or require the FT link to be resent to you, please contact Glendda Luhnnow at Glendda.luhnnow@jacobs.com. A hard copy of the draft HPTP can be sent to you at your request.

OEA proposes to conduct a virtual meeting to resolve comments on the draft HPTP in July 2023, and will circulate a proposed schedule in the coming weeks.

We look forward to your input and appreciate receiving your comments on the draft HPTP by **July 15, 2023**. Please feel free to contact Alan Tabachnick, OEA's Federal Preservation Officer, at Alan.Tabachnick@stb.gov with any questions about the Section 106 process or the draft HPTP. Thank you for your continued participation in the Section 106 process for the PIRATE project.

Regards,
Glendda Luhnnow
