Re: Docket No. AB 180X- Lowville Beaver River Railroad
Docket No. AB 768X- Mohawk, Adirondack & Northern Railroad

Rebuttal to Larry Dolhof letter 10/3/2023:

In paragraph 2 of Mr. Dolhof letter, he writes about the JCC survey. I am attaching 400 signatures that we as a group acquired in a 5day period of taxpayers and landowners combined that are against the purchase of the rails for recreational trails. I am questioning the accuracy of a 525 people surveyed by JCC compared to the 400 signatures that were collected. The county recently attempted a letter writing campaign in favor of the railroad abandonment. They garnered just over a dozen letters, including letters from the Clerk of the Board of Legislators, County Treasurer, along with a county legislator who was defeated in a primary where the railroad abandonment was a major issue. This is hardly an overwhelming show of support.

Paragraph C-The rails being close to schools is unsupported:

The LBRR rails go behind the Beaver River Central School in Beaver Falls, NY. It is unsupported and undocumented that the schools even would use these trails for school activities. There was recently an abduction of a 9-year-old in NYS from a popular campground and recently a murder in Vermont on a "rail trail". We in Lewis County are not immune to any of these horrific incidents.

Paragraph D- The statement made by Mr. Dolhof pertaining to our statement about flooding along railroad trestle and bridges are contradicting the statement by the historic society: A train is designed to go on the rails and have safely crossed bridges for 100 years. Put multiuse trails on these trestle and bridges with bikes **(there was a young man on his bike that fell off the trestle crossing while it was flooded and it resulted in his death)**. ATV and Snowmobiles travel at a high rate of speed and are prone to exiting the trail, which is elevated in many areas of this proposed trail.

Sincerely,
Joanne Dicob

CC: parties of record

[illegible]

We, the undersigned Lewis County Taxpayers and Property Owners, are against Lewis County acquiring the Lowville Beaver River (L&BR) from Lowville to Croghan and the Lowville Industrial Track (LIT) from Lowville to West Carthage. We, the taxpayers, are against any taxpayer money, in the form of grants, reserve fund or “in kind” services being spent on developing or maintaining multi-use trail system on GVT railroad beds.
